

I met Apostle Williams in 1995 during a dark period in my life. She was not called Apostle during this time, but was walking in that office. I was going through a divorce and attending a church in Fort Walton.

One of the couples, who knew Bishop Mark and Apostle Brenda Williams, invited Apostle to a revival we were having. I was an Elder (coming from the Church of God in Christ), and at that time, I felt ashamed about my situation. I thought

Apostle would judge me. To my surprise and delight, she did the opposite. She demonstrated love. She laid hands on me, my feet came from under me, and the rest is history. My life began to change from that day forward. From that day until this day, the Lord keeps on blessing me and freeing me up in every area of my life!

Bishop Williams has taught me how to be a man of excellence, a good husband, and a good father. Under Bishop and Apostle's ministry, I've grown and have experienced blessings I could only dream of.

Five years after the divorce, I remarried to Annette. Annette is a beautiful, anointed, and gifted woman of God! Together we have 6 children and 6 grandchildren. All of our children are doing well and living successful lives. It was through the providence of God that He connected me to the Williams.

The Lord has truly blessed me and family since becoming a part of this set ministry. I thank God for my leadership and church family. It's because of His grace I'm living the dream with my queen!
